The Real Harvest \$ Put it in the Bank

The real harvest that any man expects is the financial harvest. After you have worked hard for your money, what are you going to do with it? Is it going to be frittered away in silly extravagances? Not if you are WISE. Your own labor is your best asset. Do not waste the result of it on foolish things, but put as much as possible of it into the bank for that DECEMBER of your life that is BOUND TO COME.

CHAS. CLARK DROWNED

Gauley, W. Va., July 30.—Charles Clark, a young man of this place, night operator for the K. & M. railway, was drowned here yesterday while bathing in the Kanawha River. Mr. Clark had gone in bathing by himself and was quite a distance from the shore, when being seized with a cramp, he sank before help could reach him. The river was dragged for his body, which was found about twenty minutes after the accident occurred. The doctors worked over the young man's body for about twenty minutes before life was pronounced extinct. The body was shipped to his former home in Pocahontas County for burial.—Kanawha Citizen.

The above is the meagre report of the death by drowning of Charles Clark, eldest son of J. Howard Clark, a well known and much respected citizen of the Levels District. The young man was about twenty-one years of age.

The Marlinton & Academy Mutual Telephone Company complains to the Public Service Commission that the C. & O. Railway grants the Ronceverte & Elkins Telephone Company an undue advantage in not allowing the Mutual Company to install a phone in the Seebert depot.

The friends of Judge Dice will be glad to learn that he hasn't got typhoid fever, as was at first supposed, but is being treated in the hospital at Charlottesville, for an intestinal trouble of some kind.—Greenbrier Independent.

Some weeks ago Brown Galford was very painfully burned with a steam hose. He was wetting down a sawmill bed, and in some way turned the hose on his leg, scalding it very badly. He is now able to go to work.

It got so hot this week that even the people at this altitude noticed the heat and blankets could almost be dispensed with in the night time.

The W. C. T. U. will meet at the home of Mrs. W. H. Hiner, next Tuesday afternoon at 3 o'clock.

Born, to Mr. and Mrs. Carl Slaven, Sunday, July 27, a son.

HORSE SHOW

It has been definitely decided that Pocahontas County will have a horse show this year. For years it has been talked over, and finally representative men of the Levels have decided to hold a horse show. The date is the 15th day of October, and the place Oakland Farm, owned by E. H. McLaughlin, at Academy.

A race track will be made in the next few weeks. A catalog is in course of preparation, and as soon as completed can be had by application to E. H. McLaughlin. The show this year will probably take but one day, but that will be a day full of interest and entertainment. In addition to horse races of the various kinds, a tournament will be provided for, and prizes offered to contestants in a score or more of classes.

One feature will be the exhibition of Arabian horses, from the National Breeders Association's farm at Lewisburg.

This show is in no sense a money making scheme. Public spirited men and horse lovers are sacrificing time and means in making a beginning, and the ultimate success of the undertaking will depend upon the support of the horsemen of the Greenbrier Valley. A nominal fee will be charged, and an admission fee to the grounds. This money will go toward paying prizes and the necessary expenses.

Among the classes in which prizes will be offered are:

- Heavy and light 2 horse draft teams
 - Ladies runabout
 - Running, trotting and pacing races
 - Four horse draft team
 - Double team roadsters
 - Ladies saddle class
 - Best saddle horse
 - Mule and pony races
 - Veteran Cavalry parade
 - Extra saddle class
 - Walk, trot and canter
 - Best draft colt
 - Best saddle colt
 - Best mule colt
- Announcement will be made of plans as they are completed. The track will be put in shape in the course of the next few weeks, and will be open to any desiring to practice.

THE SHERIFF'S POSITION.

The following letters are self explanatory as regards the willingness of Sheriff Cochran to do what he can to relieve the stringency in certain funds of the county's finances:

To the Tax Commissioner

July 19, 1913
Dear Sir:—Monday, July 21st, Ex-Sheriff Buzzard will pay over to me about \$20,000, being balances due from him to the various County and District funds as shown by his final settlements, which are now complete.

Two district road funds of the county have no balances due them, and in each there are perhaps \$2,000 drafts issued and outstanding. Something like \$8,000 of the above amount is school funds; \$2200 general county; \$3300 bridge; \$800 dog, and \$6000 road funds due two districts only. The outstanding drafts against the two road funds that are overdrawn are being presented for payment by the holders, and what I want to know is whether or not I should go ahead and pay off these claims with money belonging to some other funds? I do not think the balances due the other funds will be completely drawn out of my hands before the 1913 taxes begin coming in. However, I cannot say certainly as to this, and do not want to take any very long chance in paying out too much money on drafts drawn on funds where there are no balances. At the same time I want to take care of all of these items if possible, and save the county paying any interest, and that is why I have placed this matter before you for any ruling or suggestion you may see fit to make.

I will appreciate it very highly if you will let me have a prompt reply to this letter, as it will be a great relief to every one concerned if we can arrange to take care of these outstanding items, and stop all this howl that is going around. So please let me hear from you, Yours respectfully, L. S. Cochran, S. P. C.

P. S.—You will likely receive this letter Monday morning, and if you think it is all right to go ahead and pay these drafts please send me a telegram at my expense as our County Court meets Monday, and I would like very much to be able to answer them one way or the other while they are in session.

To Sheriff Cochran
Dear Sir:—I am in receipt of your letter of 19th inst., inquiring whether or not you can pay overdrafts drawn prior to the first of July on some of the funds in your county, out of the funds that had a balance on the first day of July.

Answering beg to advise, that I know of no law authorizing you to pay drafts drawn on one fund out of money in another fund. If the drafts to which you refer were in excess of the funds at the disposal of the body drawing them last year, they cannot be legally paid out of this year's funds at all. You, as sheriff, have no right to transfer from one fund to another for the purpose of taking care of overdrafts in some fund.

Yours truly,
Fred O. Blue, Tax Comr.

Editor's Note.—We would suggest that these drafts have always passed with the county banks and so if any one finds it inconvenient to wait he can cash his draft in with his bank.

MAJ. J. C. ARBOGAST.

Elizabeth Donnelly who for years had been matron at the Gordon Keller Hospital at Tampa, Florida, had died very suddenly on Thursday July 24, 1913, at 10:30 o'clock.
